

Mrs. Comiskey's Preschool Classes

October 11, 2019

Unit Study

This week we began a new study on trees. We talked about the trees we can see around our homes and the sizes of the trees. We also talked about different foods that come from trees, like oranges, apples, peaches, and bananas. Our books this week were Our Tree Named Steve, Abiyoyo, and Chicka Chicka Boom Boom.

School Improvement Days

The morning class will not have class on November 15 and December 20.

Important Dates

October 17 - Early Dismissal for P.M. Class @ 2:00
October 18 - No School
October 31 - Halloween Parties
November 7 - Picture Retakes
November 11 - No School
November 20 - Parent Advisory Committee Meeting @ 5:00

Skill Focus

We worked on comparing groups of objects to decide which group had more or less objects, describing trees, putting objects in order by size, using watercolor paints, and measuring objects.

Special Experiences

Take a walk around your neighborhood and talk about the trees you see. Be sure to pay special attention to the leaves, acorns, and bark!

Halloween Party

All parents are invited to our Halloween party. Children are allowed to wear their costumes to school. We will have a parade around the playground and then have a party in the classroom. Adults are welcome to stay for the party. Treats are welcome. They must be individually wrapped and no cakes or cupcakes.
